Doctor Services Agreement

This Agreement is between Medjacket India Private Limited, represented by Ram Karri, Managing Director ("Medjacket"), and the doctor identified by the name, qualification, medical council and registration number entered in the enrollment form ("Doctor").

1. Practice and availability The Doctor will provide in-person consultations at a Medjacket e-Clinic and/or online consultations through the Medjacket platform. Online consultations may be conducted from a suitable private place with reliable internet and adequate audio or video facilities. The parties will agree in writing on the facility, consultation mode, working days and timings before bookings begin.

2. Consultation fees Medjacket will pay INR 100 for each completed in-person consultation and INR 70 for each completed online consultation. Fees and payments are in Indian rupees. There is no fixed monthly salary or guaranteed patient volume.

3. Daily payment Medjacket will settle fees immediately at the end of each service day and provide a consultation count and payment statement. Only legally required tax deductions may be made, with supporting evidence. Medjacket will explain disputed items promptly. Undisputed fees remain payable that day.

4. Doctor responsibilities The Doctor will maintain valid registration, personally assess patients, keep records and issue prescriptions in accordance with applicable Indian medical and telemedicine rules. Clinical decisions remain with the Doctor. The Doctor will obtain required consent, protect confidentiality and arrange in-person assessment or emergency referral when needed. The engagement covers consultations and does not involve continuous monitoring or round-the-clock availability.

5. Medjacket responsibilities Medjacket will provide platform access, training, booking coordination, technical support and secure records hosted in India, and check applicable clinic permissions. Technical and records contact: Shiva Nagender, Head, Technical Team, info@medjacket.com. Each party is responsible for its own negligence, misconduct and legal duties.

6. Records and ending the engagement Medjacket retains its software and lawful database rights. Patient rights and the Doctor's lawful access to records remain protected, including for handover and professional duties. Either party may end the Agreement with 30 days' written notice. Unsafe practice or invalid registration permits immediate suspension. Documented fraud permits immediate termination. Outstanding fees will be settled and active patients safely handed over.

7. Governing law and changes Indian law applies, with courts at Sangareddy having lawful jurisdiction. Changes require both parties' written agreement.

Doctor's acceptance After reading this Agreement, select "Yes, I agree" in the portal and enter the one-time code sent to the email address on your application. This confirms your acceptance and submits your application for review. The Agreement takes effect when Medjacket confirms your enrollment after successful code verification.
